Congratulations New Board Members!

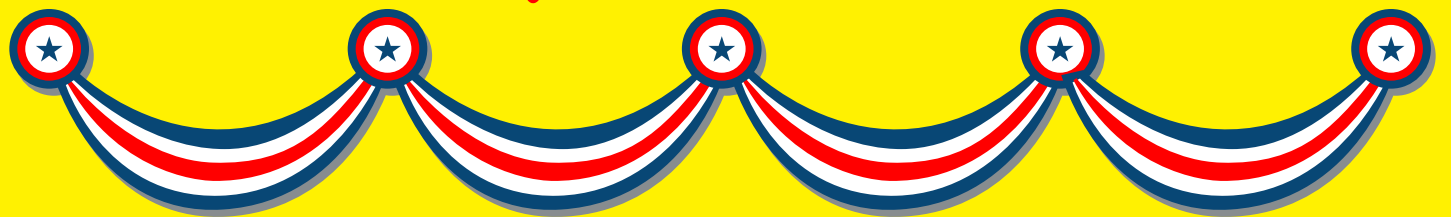

Congratulations to our newly elected Board of Directors' Members: (from left to right) Carmel Cottrell, Brian Holt, & Debra McNamee.

The Apple Core is the official monthly newsletter of the Apple Canyon Lake Property Owners' Association, and is the Association's legal vessel used to inform every property owner of important notices, rules and policy changes, board actions, and other pertinent information of which property owners must be aware.

The Apple Core is published in its entirety each month on the Association's website the same day it reaches local homes via the US Postal Service. See Page 2 inside for local delivery dates.

2023 Annual Meeting, Board of Directors' Election Results:

680 total votes submitted with 667 valid.

Henry Doden – 237 Sue Marron – 75

Kristin Luu – 198 Carmel Cottrell - 282

David Allgood – 252 Deb McNamee – 307

Brian Holt – 332

For Official Tally Sheet see page 9.

FROM THE PRESIDENT...

BY NOLAN MULLEN

As another summer seems to be flying by, hopefully you are taking the time to enjoy the lake as well as the rest of our amenities.

July has been a month with a lot of changes. Our General Manager, Jen Callaghan has resigned. She will be leaving us at the end of July. I would like to thank Jen for everything she has given ACL over these last nine months, and I wish her nothing but the best as she moves forward.

I would like to welcome aboard Mike Harris as the interim GM. Mike is a former member of the Board of Directors. I think his previous years of experience on the board will be paramount in keeping us on track as we go through the process of searching for another GM. Mike can be reached at mike.harris@applecanyonlake.org.

The Board of Directors election was held at the annual meeting on July 15. We have three new members this year. Carmel Cottrell, Brian Holt, and Deb McNamee were elected. A big thank you to Mike Harris, Steve Borst, and Henry Doden for their time served on the board.

Some highlights from the July BOD meeting are:

- Approved the Multi-Sport Complex project, with a total cost of \$261,125. The first phase of project will start in 2023 with the previously approved \$245,000 of budgeted R&R funds. Phase 2 will be completed in Spring of 2024 with an additional \$16,125 coming from the 2024 budget.
- Approved additional dredging to be completed in Jefferson Cove, Hickory Cove, and a small cove in North Bay for an additional cost of \$38,675. The thought here is to take advantage of the equipment while we have it on site. The total cost of the dredging project is still under what we budgeted.

Wishing you a great rest of your summer at ACL!

FROM THE GM...

Dear Apple Canyon Lake,

As many of you probably already know, July 28th will be my last day at Apple Canyon Lake. The past 9 months have been an incredible experience for me and my family and I wish the absolute very best for Apple Canyon Lake. As far as why I am leaving so soon, it comes down to family. My original plan was to move everyone here to come back home to Illinois, but as time went on we realized that the remote location wasn't a good fit for my young adult children who are trying to get their roots planted. I then thought I could tackle the job alone, visiting my family every month or so. In all honesty and in hindsight, this is not the kind of job that should be attempted without a support system or adequate work/life balance. So, it's with mixed emotions that I hang my ACL hat up and wish you all the best. You have a great group of volunteers, very passionate constituency, and amazing assets...all the makings of a great community. My wish for you is to find ways to support those that are trying to simply trying to keep things afloat with whatever resources they have. It's not always easy as easy as it sounds.

As far as interim plans go, Mike Harris, Board Member for over 10 years, has agreed to step in as part-time interim General Manager while the search for a new GM ensues. Mike Yorke, with decades of Human Resource experience, will be stepping in as an interim Human Resource Manager and counterpart to Mike Harris during this transition time as well. The community is in great hands with these two proven leaders and will work very hard to bring their expertise to the team keep ACL on its path. Mike Harris can be contacted at mike.harris@applecanyonlake.org and Mike Yorke can be contacted at mike.yorke@applecanyonlake.org

All the best,
Jen Callaghan

UPCOMING LOCAL DELIVERY DATES

The Apple Core reaches local homes and is posted in its entirety at www.applecanyonlake.org on the following dates.

Aug 4 • Sept 1 • Oct 6

TOWNSHIP CONTACTS

Thompson Township Supervisor (John Diehl)..... john3500i@att.net
 Thompson Township Road Commissioner (Dean Williams) 815-845-2391

Member of Community Associations Institute

Long-time ACL resident and Board Member for over 10 years, Mike Harris has been selected to be the Interim General Manager for the Lake while the committee searches for a permanent placement.

LETTER TO THE EDITOR

Publication of letters does not necessarily imply agreement or endorsement by the Association or the Board of Directors.

.....

ACLPOA Board Approved Policy

THE APPLE CORE: ACCEPTANCE OF MATERIAL

The Apple Core is published by the ACLPOA for the benefit of its Members - to keep them informed about developments with respect to the lake, facilities, activities and finances; to report Board decisions; to provide a handy reference about rules, fees and coming events; and to afford a means of communication on questions and issues of importance to property owners.

The Editorial Review Committee shall consist of a member of the Board, who shall be the Chair; the General Manager, who shall be Vice-Chair; the Editor of The Apple Core, who shall be the Secretary; and such other members as the Board may appoint from time to time. This Committee shall prepare policies for the acceptance of material to be printed in The Apple Core, including, but not limited to, letters to the editor and policies for advertising material printed, which policies shall be submitted to the Board for approval annually.

The General Manager is responsible for having the paper produced. The Communications Director is the Editor. Any and all editorial material (copy other than paid advertising) must be submitted to the Editor's office.

The Editorial Review Committee will determine whether or not letters, advertising material or any other material submitted for publication should be rejected. If material is rejected, property owners will be notified and told cause of rejection.

LETTERS TO THE EDITOR:

Letters from Property Owners are welcome.

Letters to the Editor must be:

- Submitted and signed by a Property Owner.
- Received by the 15th of the month previous to publication.
- Confined to 250 words or less.

The following guidelines for treatment of letters have been adopted for the purpose of encouraging expression of views with the focus on discussion of issues not people. Publication of letters does not necessarily imply agreement or endorsement by the Association or the Board of Directors.

- Whenever possible, letters expressing views on both sides of an issue will be published at the same time.
- Constructive criticism will be accepted. Positive suggestions for improvement are encouraged.
- Letters must be in good taste. Those containing offensive or derogatory language, libelous statements or expressing personal grievances or conflicts will not be published.
- Nothing in these guidelines should be construed to prohibit references to people so long as an issue of importance is the focus of the letter.
- Editorial comments will be limited to factual clarification or update on the matter at issue. No point of view will be expressed.

With respect to Board Elections:

- 1) Candidates will be presented in the March and April issues.
- 2) A special section for questions regarding candidates will be included in the March and April issues of The Apple Core. Questions regarding candidates must be received thirteen (13) days prior to copy deadline in order to provide the candidates with the opportunity to respond in the same edition. Candidate responses must be received two (2) days prior to copy deadlines.

WHY WIRELESS?

JCWIFI vs. FIBER AND CABLE: KEY DIFFERENCES

LATENCY

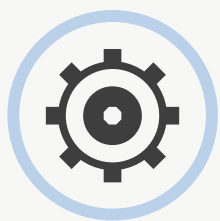

JCWIFI has lower latency*...no wonder even financial traders prefer wireless

**Latency is the delay that occurs when your computer is talking to other computers/servers; for example, you may experience low or high latency (delay) during an online auction or engaging sports game - not good!*

PRICE

JCWIFI offers low, consistent, no-hidden fee pricing compared to fiber and cable providers' often inconsistent, add-on pricing

SUPPORT

JCWIFI is local with friendly, local tech and customer support – not outsourced like a national company

RELIABILITY

JCWIFI cannot be physically cut so is less fragile than fiber optics where cut lines can result in long outages

SPEED

JCWIFI uses radio waves that travel at the speed of light so your wireless internet is as fast as the speed of light

BOARD OF DIRECTORS' MEETING MINUTES

ARCHITECTURAL AND ENVIRONMENTAL CONTROL COMMITTEE MINUTES JUNE 3, 2023, APPROVED

Call to Order – Chairman Dave Allgood called the meeting to order at 8:02 am with the following committee members in attendance: Bill Ware, Dave Allgood, Bob Ballinger, and Henry Doden. Inspector Joe Wiener was also in attendance. John Anderson and Nolen Mullens attended via Zoom. Mike Harris and Jim Frank were absent

Approve Minutes of the May 2023 Meeting – Bob Ballenger Moved Henry Doden seconded. Motion Carried Unanimously. Property Owner Comments – None

Building Inspector Report – 100 Residences were scheduled for septic inspections. The new Northstar System generated additional notices that were sent out in error. The Building Inspector is contacting these owners to notify them of the error.

The campground expansion proposal is being developed. Proposal calls for the removal of 10 existing primitive sites to be replaced with 10 new Improved sites with water and electric hookups. This project is included in the current Master Plan.

Bids are out for materials for the Clubhouse Metal Raining Debris from vacant Lot has been removed by the owner.

5.0 Agenda. Revised Agenda – Bob Ballenger Motion Second – Henry Doden. Add Item 7.10 – Discussion of Lot Combination Process. 6 Yea, 0 – Nay. Motion Carried Unfinished Business

New Business

7.1 Regarding 9A129 and 9A130

To permit the combination of lots 9A129 and 9A130 on Hawthorne Dr as per that attached Lot Combination Agreement. Motion – Bill Ware Second – Bob Ballenger. Discussion – All ACL and County Requirements are met. Motion Passed 6 – Aye 0 – Nay

7.2 Item withdrawn pending Septic Testing and Plan

7.3 Regarding 13A172-13A171 W Apple Canyon Rd

To permit the installation of a home geothermal HVAC system, including drilling wells for the vertical loops and other necessary earthworks. ACL Building and Environmental Code sections 124, 126 and 127 apply to this work. The lot corner posts and structure setbacks must be located and flagged by a licensed surveyor in accordance with ACL B&E Code 102.4. A silt fence shall be installed and maintained around the project until the ground cover is restored. Disturbed ground shall be seeded and mulched as soon as is practical. A refundable \$500.00 Environmental Debris Bond is required. This motion does not grant access to the project site across the Greenway or other private property. No variance is granted. Motion Bob Ballenger Second – Henry Doden All setback and Jo Daviess requirements have been met. Motion Passed 6 Aye and 0 Nay

7.4 To permit the construction of a roof mounted solar panel system as per the submitted documents. The ACL Energy Policy requirements apply to this project. Jo Daviess County Planning and Development permits and Jo-Carroll Energy application acceptance must be issued before the ACL permit will be considered issued. No variance is granted. Motion Bob Ballenger, Second Henry Doden. Discussion – All permits and paperwork have been submitted. Motion Passed 6 – Aye 0 – Nay

7.5 Regarding ACL Zone Dock Apache #6-6

To permit the installation of a matching 6' by 10' SFT dock extension to the existing dock as shown on the submitted documents by the property owners of lot 7A032 for reasons of accessibility by disabled persons. This motion does not grant ownership of any portion of the project site to an ACL property owner. No variance is granted. Motion Bob Ballenger, Second Bill Ware. Discussion: ADA Accessibility Issue Fentress will install the system purchased by the owner. Motion was amended to include the following language (at owners expense.) 6 – Aye , 0 – Nay Motion Passed

7.6 Regarding 12A230 Jefferson Ct.

To permit the construction of a 3' high by 60' long natural limestone retaining wall along the shoreline; a 2' high by 30' long natural limestone retaining wall to hold back the seating area; to replace the 450-gsf wood deck seating area with permeable pavers; to fill the 5' wide by 50' long area between the two walls with 3/8" chip stone as per the submitted documents. A silt fence shall be installed and maintained throughout the project until the ground cover is restored. Disturbed ground shall be seeded and mulched as soon as is practical. No variance is granted. Motion – Bob Ballenger , Second Bill Ware Discussion: All ACL setback and permit requirements have been met. 6 – Aye, 0 – Nay Motion Passed.

7.7 Regarding 2A018 Hidden Spring Ln

To permit the installation of five matching 5'-6" high retaining walls and two sets of stairs as shown on the submitted documents. A portion of one retaining wall extends into the lake front setback area to control storm water runoff. ACL Building and Environmental Code sections 124, 126 and 127 apply to this work. The lot corner posts and structure setbacks along the southern edge of the property must be located and flagged by a licensed surveyor in accordance with ACL B&E Code 102.4. for verification by the Building Inspector prior to excavation. Silt fencing shall be installed and maintained throughout the project until the ground cover is restored. Disturbed ground shall be seeded and mulched as soon as is practical. A refundable \$500.00 Environmental Debris Bond is required. No variance is granted. Motion – Bob

Ballenger, Second – Bill Ware, Discussion: Retaining walls will fall into the 100' setback. Will provide needed erosion control on steep lot. 6 – Aye, 0 – Nay. Motion Passed

7.8 Regarding 1A010 Silverhorn Ct

To permit the completion of an existing 4' high natural limestone retaining wall along the lake shore as per the submitted documents. A silt fence shall be installed and maintained throughout the project until the ground cover is restored. Disturbed ground shall be seeded and mulched as soon as is practical. No variance is granted. Motion – Henry Doden, Second – Bill Ware. Discussion: All ACL and Jo Daviess permit requirements have been met. 6 – Aye, 0 – Nay. Motion Passed

7.9 Regarding 9A157 Hawthorne Dr

To permit the repair and improvement of an existing septic system located within the lake setback as required by the Jo Daviess County Environmental Health Division as per the submitted documents. Pump and crush the existing tank. ACL Building and Environmental Code sections 124, 126 and 127 apply to this work. The lot corner posts and structure setbacks of the property must be located and flagged by a licensed surveyor in accordance with ACL B&E Code 102.4. for verification by the Building Inspector prior to excavation. Silt fencing shall be installed and maintained throughout the project until the ground cover is restored. Disturbed ground shall be seeded and mulched as soon as is practical. The variance was granted June 6, 2016. Motion – Bob Ballenger Second – Bill Ware Discussion – Permit and Plan have been approved by Jo Daviess County Health Department. 6 – Aye 0 – Nay. Motion Passed

7.10 Open Discussion Item – Motion to suspend Roberts Rules – Bob Ballenger Second Henry Doden. Discussion – The lot Combination Process is time consuming and contains redundancy in the approval process. The AECC is a recognized Committee with a majority of the members made up of Board Members. At question is whether ACL Board approval is needed following approval by the AECC. This can add an additional month to the process which is cumbersome for lot owners. Nolan Mullen will reach out to ACL Council for structuring a more streamlined process. Robert's Rules Reinstated – Motion Bob Ballenger Second – Bill Ware

8.0 Adjournment – Bob Ballinger moved at 9:15

BOARD OF DIRECTORS MEETING MINUTES JUNE 17, 2023 APPROVED

Call to Order: Called to order by Nolan Mullen at 8:00 AM. Members present: Nolan Mullen, John Anderson, Steve Borst, Bob Ballenger, Bill Becker, Henry Doden, Mike Harris, Mark Kosco, and Laura Pratt.

Executive Session: Motion to go into Executive session made by Mark Kosco, seconded by John Anderson.

3.0 Regular Meeting: At 9:03 AM. Bob Ballenger motioned to return to regular session; second by Mike Harris, motion carried unanimously.

4.0 Pledge of Allegiance – after the Pledge of Allegiance, a quorum was present with the following Directors in attendance: Nolan Mullen, John Anderson, Steve Borst, Bob Ballenger, Bill Becker, Henry Doden, Mike Harris, Mark Kosco, and Laura Pratt. General Manager Jen Callaghan was also present.

5.0 Approved/Adopt Minutes from the May 20, 2023 Meeting - Stephen Borst motioned to approve/adopt minutes from the May 20, 2023 Executive Session and Regular Meeting." Seconded by Bill Becker.

6.0 Treasurer's Report – Treasurer's Report will be in The Apple Core.

7.0 Committee/Commission Reports

Sport Complex AdHoc – Gary Hannon reported that this is concerning that Multi-Sports Complex is not on the agenda. We continue to kick this can down the road. We have brought down this project to approximately \$50,000 less. Asked board for additional funding for this project. Desire to do demolition this fall and come back in spring 2024. Additional funds not to exceed \$60,000. Scott LoSasso – have gone back and looked at a few options. Resurface existing facility – asked Helm – won't do this, won't last and will degrade immediately. We did solicit bids to multiple vendors but hard to find people to do work. For this type of job, only game in town, and a good reputation. Instead of taking existing surface all the way down to base, and relaying the subsurface - they could reduce the cost by leveling to the existing base. Two inches instead of 3.5". Not the way they would engineer, but would be a good quality project. Good compromise. Other issue – bid has expired. Some extensions, but if not approved, we will have to rebid this. Bids will come in higher if we have to rebid. We've done a thorough job to get the best outcome. Please put this on the agenda.

Campground – Ron Carpenter reported the breakfast served approximately 500 people in about three hours. Roads – supposed to be redone about three years ago, but has not gotten done.

Flood Mitigation – Ron Carpenter reported they are discussing drawing the lake down and what that will mean for the boats, docks and shore stations. Work in progress. Will request a workshop with the board soon. Contract with CMT goes to the bidding process after permitting, then Board approval for next expenditure. Army Corp of Engineers approved plans for the spillway project, but IDNR has not yet.

Conservation – Paula Wiener reported two guests from

Natural Resource Conservation Services attended their last meeting, Federal agency under the Department of Agriculture. Tyler is examining non-chemical ways to control algae in the lake and mechanisms to try to keep garbage in the corner out of Nixon Beach. Ordered fish stocking for fall. Completed first review on the greenway stewardship program.

Zebra Mussel – Bill Becker reported they met last Thursday. Applications from McCloud. July 12 will be first treatment; and 14 days later another treatment; 14 days later another treatment. More information will be in the Apple Seed, Apple Core, and Facebook.

Budget/Audit – Steve Borst reported they met a couple weeks ago. Final copies of the annual audit are available – clean opinion for the audit. Next meeting is July 28 to start the budget process.

Golf – Mary Hannon – The Big Cup on July 22. Only fundraiser is – improvements on the golf course.

Deer Management - Gordon Williams – archery range information. Questioning an agenda item today, 13.2, if that should be on the agenda. Was not presented to Rules & Regulations yet.

Legal – Sean Cottrell reported they met last month. Focusing on voting requirements for both documents. Discussion later today on the agenda from Legal – more requests for rewrites. Two new members – on next month's agenda.

Memorial Pavilion – Carmel Cottrell reported they are discussing bids and will present to board in July.

8.0 General Manager's Report – full report will be in The Apple Cove.

8.1 Capital Projects Update – Dredging is half way through and still ongoing. Cove and Pro Shop – mishap this week with losing the chef. Team pulled together and we are making it work. Thank you to the volunteers that stepped up. Financially doing pretty good too. All saw the notice – new Pro Shop supervisor – not paid as a pro, paid as a supervisor. Just happens to be a pro. Patience is appreciated.

9.0 President's Report – President's Report will be in The Apple Core.

10.0 Property Owner Comments: – Various owners were present and made comments.

11.0 Any Additions to the Agenda

Mark Kosco motioned "to add 14.5 Golf Commission - use of designated funds." Second from John Anderson, motion carried unanimously.

Mark Kosco motioned "to add 14.6 Deer Commission – use of designated funds." Second from John Anderson, motion carried unanimously.

12.0 Consent Agenda – Committee Appointments - Bob Ballenger motioned "to appoint Barry Kren to the AECC commission; Pamela Opyd to the Conservation Commission; Bill Bourell to the Conservation Commission." Second from Bill Becker, motion carries unanimously.

13.0 Unfinished Business

13.1 Rules & Regulations: Indoor & Outdoor Storage – Bill Becker motioned "to approve updated text to replace current rule regarding transfer of indoor storage units." Second from Henry Doden. Discussion: Steve Borst questioned the transfer sale of lot. Should be if attached to your property – storage unit does not transfer. #2 – lot owner and property owner, but sentence before assigned to lots, not individual property owners. Contradictory. Terminated at time you sell the lot? Lot owner and property owner. Send back for clarification. Motion failed. Will send back to Rules and Regs.

13.2 Deer Management Rule Revision – 2nd Reading – Mark Kosco motioned "to table 13.2 and 13.3 agenda items." Second by Mike Harris. Motion approved unanimously

13.3 Revised AECC Code – 2nd Reading - Tabled to go back to committee. Steve Borst – didn't we vote on this already? Last month. Laura Pratt – edits are not here. Nolan Mullen – was not listed as a first reading last month.

14.0 New Business

14.1 Destratifier/Mixing Machine Test – Mike Harris motioned "to approve Limnetics providing the machine, power cord, anchor lines, delivery, installation supervision/participation and product support at no cost to ACL. ACL will be responsible for the installation of the machine just outside of the designated swimming area between north rock wall and end of the first dock. Limnetics has cage/fencing that will go around the machine both above and below the water to keep swimmers from getting close. If Limnetics and ACL feel that the test is a success, then Limnetics would offer the machine at a discounted price. If satisfied, ACLPOA will have the option to purchase all equipment at the following prices: if purchased by September 30, 2023 - \$2,500.00; if purchase by September 30, 2024 – \$3,500.00; if purchased after September 30, 2024 - \$4,000.00. Second from John Anderson. Discussion: Paula Wiener – Equipment has to be in the water by middle of July to see if it would really work and would run until mid-October. If we can't approve at this meeting, we have to say we will not have this opportunity for this year. Nolan Mullen – They are giving us until September to try this. We pay the electric. They will install with our maintenance department. Steve Borst – if we put this in with all of that electric, then we say we don't want to buy it, then we have to pull all of that electric. Nolan Mullen – pulling out of water is minimal. Getting it to the part so out of everybody's way will be important. Liability insurance? Steve Borst – seems like we are rushing into this. Paula Wiener – we

have an opportunity – but if you don't like it vote it down. Gary Hannon – will this be successful – to be determined. But it is safe and this is a very reputable company. Steve Borst – Conservation did screen this? Paula Wiener - came from Conservation – they made the motion. Tyler [Natural Resources Manager] has been researching non-chemical ways of controlling algae. Motion carried with six ayes, one nay by Bob Ballenger, and Mike Harris abstaining.

- 14.2 Lot Combination Agreement - Mike Harris motioned "to approve the lot combination for 9A129 & 9A130." Second by John Anderson. Motion carried with Laura Pratt abstaining.
- 14.5 Golf Designated Funds – Bob Ballenger motioned to approve "the Golf Commission request for &779.98 from their designated funds to pay for directional signs for golf course and additional yardage markers." Second by John Anderson, motion carried unanimously.
- 14.6 Golf Designated Funds – Mike Harris motioned to approve "the Golf Commission request for monies not to exceed \$6,000 from designated funds to purchase 3 practice nets and to prepare the area where they will be installed at the end of the Pro Shop parking area." Second by Bob Ballenger. Motion carried unanimously. Bob Ballenger motioned "to suspend Roberts Rule of Order." Second by Mike Harris, motion carried unanimously. Bob Ballenger motioned "to reinstate Roberts Rule of Order." Second by Mike Harris, motion carried unanimously.
- 14.7 Deer Commission Designated Funds – Mark Kosco motioned "to approve \$200.00 from the Deer Commission's designated funds to pay for Whisker Biscuits. Second by Bill Becker, motion carried unanimously. Bob Ballenger motioned "to suspend Roberts Rule of Order." Second by Mike Harris, motion carried unanimously.
- 14.3 Security Department (Legal Commission) – Discussion: Sean Cottrell presented a power point presentation along with the ACL Legal commission. Asking for the reinstatement of the Duties of the ACL Safety Commission. Legal had previously made the recommendation to reinstate the Safety Commission. Not clear information presented as to why. Prepared today's presentation to clarify. Know this is on agenda as security department. Not about security department – about communicating expectations to community. Safety Committee – matters regarding health and safety and welfare of ACLPOA membership. Asking the board to temporarily reactivate this commission to focus on safety and security, and to make recommendations to Legal to bring those to the board. This can then be spelled out in governing documents. Next steps: discussion item today – if amenable, Legal can take this back and make it a formal

recommendation to the board. To support the rewrite of the Declaration and Bylaws. Period. Questions? Bob Ballenger – not of the opinion ACL has authority to be a police authority. Sean Cottrell – that is where there is a disconnect – group could be charged to clarify that. Can't go forward with rewriting the Declaration or Bylaws without that clarification. Looking to the Board to give direction to this group. Nolan Mullen - reactivate for the purpose of governing documents? Okay with that. Laura Pratt – So this will be a Safety Commission Ad Hoc just to align the governing document with, not to change anything in the Safety and Security Department? Sean—Yes. The responsibility of safety and security department are called out in the bylaws. Reactivate the group - solely focused on support for Legal for re-writing the bylaws and governing documents. Legal has determined that this should not be done by Legal. Previously voted down as seen as a group that will micromanage Safety and Security.

Gather information and make recommendations to the board of directors on matters regarding the health safety and welfare of ACL membership (charge). We have three members to staff the commission. If approved in July, we will ask for more volunteers. John Anderson – will go to lawyers? Sean Cottrell – for document approval, generally supposed to be reviewed by Legal committee [commission]. Yes, supposed to go to both council and Legal Committee [Commission]. Ad Hoc commission and once done with final recommendation, would recommend disbanding. Focused on re-writing of declaration and bylaws.

14.4 2024 Plan on a Page – Discussion: Steve Borst reported they met to discuss how to better align our long-range plan with the goals of our general manager. Came up with a revised planning process. In the past we would bring the Plan on a Page to the board in June or July for the next year. Then in December, board would write the goals for the general manager. So, there was a disconnect, might not be the same. Giving you the plan as a draft today. Review this and then could bring to budget and adjust accordingly. Not asking to approve the Plan on a Page, won't do that until we discuss goals for general manager. At 11:14 AM, Mike Harris motioned to adjourn, seconded by Mark Kosco. Motion carried unanimously.

Corporate Secretary, Laura Pratt

**ANNUAL TREASURER'S REPORT
JULY 15, 2023**

Summary of 2022 Year End Financial Results

From a financial standpoint, the lingering effects of the pandemic negatively impacted the Association in 2022 as labor shortages caused an unexpected rise in wages, and inflation was much higher than it has been for decades.

Efforts to control rising costs included increasing prices at some amenities including the Pro Shop food and beverage and golf course fees and more dramatically the decision to bring the Cove restaurant under house management. The results of these decisions will primarily flow into the 2023 financial results and need to be closely monitored as we try to stem the tide of increasing costs. The good news is that the Association ended the year in a financially sound place which included receiving a clean opinion of our Financial Statements as of December 31, 2022, from our auditors Catalano, Caboor & Co. Below are the 2022 financial highlights summarized by Fund.

Operating Fund

Operating Revenues of \$3,779,081 were \$295,514 higher than last year, primarily due to increases in dues and fees. Operating Expenses (excluding depreciation) were \$3,900,433 and \$326,103 higher than last year, primarily due to labor costs. Although The Fund earned \$14,070 in Interest Income and another \$42,938 from our Land Investment Properties, it did end 2022 with a Deficiency of Revenue Over Expenses before Depreciation of \$121,352. Depreciation for the year was \$626,747. The Operating Fund ended the year with a Cash Surplus of \$56,734, a Certificate of Deposit valued at \$278,415, Accounts Receivable of \$11,666 and Current Liabilities of \$238,142.

Replacement & Renovation (R&R) Fund

The 2022 R&R assessment totaled \$537,000. R&R Fund purchases of property improvements, equipment, and vehicles totaled \$466,823. Although overall the R&R spending was less than budgeted there are still 8 approved R&R projects totaling \$394,525 still in progress that have been carried over into 2023. Prior Year carryovers are Security Cameras (Phase 3) (\$15k), StarCom Radio Systems (\$25k), Multi-Sports Complex Renovation (\$243k), Paths to Boat Docks (\$20), Chip & Seal at Campground and Main Entrance to Clubhouse (\$28k), Watershed Erosion Control (\$2), Firehouse – Siding & Roof (\$40), Cove Walk-in Freezer (\$21k). These projects did have progress payments of \$53,941 to date, carried over as deposits on the year-end Balance Sheet. The Fund earned \$10,380 in interest and ended the year with a Fund Balance of \$1,450,686.

Capital Projects Fund

The 2022 Capital Projects assessment was \$500,000. Although the Fund spent only \$190,679 in 2022, funds are being accumulated in the Capital Projects Fund to help pay for Flood Mitigation (\$1.5M - \$2M), Contract Dredging (\$800k), and a Winchester Bay Redesign (\$320k). The Fund earned \$8,078 in interest and ended the year with a Fund Balance of \$1,905,858.

Many thanks to the ACL Property Owners, Staff, and all our volunteers for their hard work which has translated into making ACL a uniquely distinctive place to enjoy lake life!
Respectfully submitted, Steve Borst, Treasurer

**Retiring Board Members
Thank you for your years of service.**

From left to right: Henry Doden, Mike Harris and Steve Borst.

Commission & Committee Summaries...

CONSERVATION:

- Approved June 3, 2023, Minutes
- Welcomed two new members to Conservation.
- Weed harvesting continues.
- The coves have been treated for algae and for zebra mussel (ZM) shoreline treatment on July 12. The ZM monitoring plates have been installed.
- Spot-treated areas for parsnip (mechanical treatment).
- Lake Monitoring went out on Tuesday, June 27.
- The Prairie Grant area from last year is looking good. At the hillside garden did some work on pulling out the crown vetch.
- Sunflowers have been added to the Marina wetland garden.
- The Clubhouse Point Restoration project outside of the clubhouse and the process of getting rid of the invasives is taking place. This year's grant has been approved for this project which is to begin in late Summer/early Fall.
- A Flood Mitigation experiment will take place after Labor Day. The committee and CMT are working on a date when they will drop the lake 2 feet. This will be an experiment - a test to see how long it takes for the water to recede and if any other events occur. This will happen by opening the valve and the dam.

DEER MANAGEMENT:

- Approved April 29, 2023, minutes.
- Deer stand violations were discussed.
- The commission reviewed the current condition of the Archery Range.
- Reviewed the rules and regulations. Specifically, the requirement for hunters to sign in and sign out has been in effect. There is not a written rule in the ACL Board Approved Rules and Regulations. This proposed rule is being sent to the Rules and Regulations Commission for their review and approval and then the ACL Board.
- Discussed adding arrow rests to youth bows and other supplies needed for Youth Archery Day

RECREATION:

- Approved the June 15, 2023, minutes.
- Recap of Farm Fun Day – Farm Bureau added new activities. Was very well attended.
- Discussed volunteer positions for Fall Craft Fair. Discussed adding cookies to dessert stand. Discussed revamping the inside booth locations and raffle table location.
- Commission will have a booth at the Fall Craft Fair selling Halloween decoartions.
- Discussed 2024 Fireworks Date, Commission recommends Saturday, July 6.

END THE STORY OF HUNGER.

EMPLOYEE SPOTLIGHTS

Employee Spotlight

Caden A.
Recreation Summer Staff

Caden was brought on this summer to help with events, merchandising, and more. Caden is not new to the Apple Canyon Lake area. His family owns property out here and he spends a lot of time out on the lake boating and fishing with his family and friends whenever he can find the time. Caden attends the University of Dubuque, where he majors in Sports Marketing and Management, as well as minoring in Digital Art and Design. He is also on UD's basketball team which he said, "is a lot of fun". Caden was a huge asset to the Communication and Recreation team this summer. Caden has enjoyed his summer with us at ACL and is excited to return to Apple Canyon Lake next summer.

Employee Spotlight

Lee R.
Pro Shop Attendant

Lee has been with us at the Pro Shop since May as a Pro Shop attendant. Lee's last day with the Pro Shop was Thursday, July 13. Lee has left to attend her senior year at Valparaiso University in Indiana, where she is majoring in music education. We wish you best of luck during your senior year!

Employee Spotlight

Diana M.
Waitress

We all know this smiling face. This is Diana's third year at the Cove, after a year Previously working at the Pro Shop. She is currently a sophomore at Highland Community College in Freeport, IL, studying elementary education. Diana plans on transferring to UW Platteville in Platteville, Wi. to finish her degree next year. Diana studies hard, works hard, and has strong ties to the ACL community. We all appreciate her dedication to The Cove, especially this year, as she was one of the first staff members to join the team and help get The Cove up & running! Diana is an anchor server, trainer, and helps out in every other position when it's needed. Diana currently plans to stay with us on weekends throughout the school year. We appreciate you, Diana!

Employee Spotlight

Sam R.
Host

Sam has been with The Cove Lakeside Restaurant since May. Sam has filled a variety of roles while with us, including busser, food runner, and host, but Sam is mostly recognized for his smiling face and the warm greetings he provides as you enter The Cove doors. His great personality and "can do" attitude have made him a favorite amongst staff and guests. Sam's final day at The Cove was Thursday, July 13. Sam has left to return to the UW where he will continue his education. Sam is majoring in Sociology with a minor in German! Sam plans to return to us next summer and we can't wait to have him back. We wish you the best of luck Sam!

Employee Spotlight

Kylie W.
Waitress

Kylie has worked for ACL since her early high school years. Her long term commitment to the Lake & the community has made her a guest favorite! This year Kylie has worked as a waitress at The Cove part-time while also working at the Stockton Veterinary Clinic. Kylie will be returning to the University of Findlay in Findlay, Ohio to finish her senior year! She majors in Animal Science, with a Pre-Veterinary emphasis, and a minor in Chemistry/Biology. Wow! Her fantastic sense of humor, animal loving side, and professionalism as server make her one of the cornerstones of our hardworking staff. We wish you the best of luck in your senior year and hope to see you next summer!

2023 BIG CUP TOURNAMENT

Big Cup Tournament & Cook Out

BY TIM BROKL,
Communication & Marketing Manager

On Saturday, July 22, 2023 the Golf Commission hosted their Annual Big Cup Tournament and Cook Out. The winning team came in at 7 under! Congratulations to all participants. The Big Cup Tournament is one of the Golf Commissions annual fundraising events. The commission uses these funds to continually update our course and purchase needed items. The golf commission just purchased 3 practice nets that should be installed before Fall using funds from last year's big Cup. This year 79 golfers hit the green to compete. The Cove Lakeside Restaurant catered a delicious lunch comprised of brisket sandwiches, potato salad, coleslaw, chips, and brownies for dessert. Thank you to all the sponsors, volunteers, Food and Beverage, Pro Shop, and Safety & Security staff for making the event a huge success! It was a great day for a Golf Tournament. Please keep an eye out for additional information regarding this year's event.

PHOTOS BY MARY HANNON AND KRISTINA MCCLAIN

Apple Canyon Lake Blood Drive 2023

Julie Janssen got two people to donate blood at the Apple Canyon Lake Blood Drive that has never donated blood before, she is definitely a rock star! Ray Wright and myself got the pleasure of donating blood and let me tell you, it's not as scary as it looks. We both look forward to donating more blood in the future. The American Red Cross came out to the Apple Canyon Lake from 10:00am to 2:00pm and I got the pleasure to talk to the workers and they all stated they got way more walk ins more than they thought they would of, and only a couple people did schedule an appointment to donate blood. The blood drive was a huge success this year and I look forward to scheduling another blood drive for the Apple Canyon Lake as well. If you haven't donated blood before and you are interested in donating blood, just give American Red Cross a call and they will be more than willing to talk to you.

ACLPO FOUNDATION POKER RUN

What is a Poker Run?

BY JODY WARE, ACLPO Foundation Secretary

Join the ACLPO Foundation fundraising event on Saturday, September 9th, 2023 from 2:00 p.m. until 9:00 p.m. The ACLPO Foundation Poker Run is a fun day to grab your registered ACL golf cart, UTV or ATV, ride around the entire lake on the trails, and stop at five designated stations to get your event card punched. Each punch earns you a card for your Poker Hand! Most stations have a fun game to participate in while visiting with other Poker Run participants! At 5:00 p.m. participants meet at the Clubhouse for more fun activities - getting your Poker Hand dealt to win the big money prizes, 50/50 raffle and Meat Paddles. This is done all during the time you are enjoying music by Just Jake. The Twisted Fire Pizza Company will serve 10 inch pizzas of your choice from the menu as our caterer.

Event tickets can be purchased at the Clubhouse or ProShop after August 1st! Join in on the fun, bring your friends along for the ride, and enjoy the beautiful ACL trails.

All proceeds go to Apple Canyon Lake Property Owners' Association through grant programs and monetary gifting.

Let's get our engines started!

ACL Foundation
POKER RUN FUNDRAISER

Saturday, September 9th
2:00 - 8:00PM

Ride the Trails to (5) Different Stations Around the Lake (2:00 - 5:00PM) & Get Your Card Punched at Each Station | Meet Back at Clubhouse for Personal Pan Pizzas, Music, and Prizes! (5:00 - 8:00PM)

- \$100 Couples Package (2 Poker Run Cards; 2 Meal Tickets; 2 T-Shirts)
- \$50 Single Package (1 Poker Run Card; 1 Meal Ticket; 1 T-Shirt)
- \$20 Additional Meal Ticket
- Improve your hand with the option to purchase 2 additional cards for \$10
- Register at the Pro Shop or ACL Office | Cash Bar Available
- Only Registered ACL UTV, ATV, or Golf Carts allowed
- All Participants must have a current ACL amenity tag
- Meat Paddle and 50/50 Raffles will be held during dinner at the Clubhouse, plus a \$1,000 Cash Raffle!

Underage Driving on all ACL Trails and Roads is Illegal!

BY JULIE JANSSEN, Safety & Security Manager

With summer underway please keep in mind underage driving at ACL. I know the kiddos think it is fun and exciting to drive golf carts and UTVs but it's a huge safety risk. This stands firm on all ACL common properties, like the trails, campground, sports complex, golf course, pool, and beach.

Unlawful Operation of All Terrain Vehicles and Golf Carts (under age 16 and/or not possessing a valid driver's license or permit of state of origin) \$250.

Let's have a great summer season and stay safe!

RECREATION RE-CAP: KIDS FISHING TOURNAMENT

BY ASHLEY RANDECKER, *Event & Activities Coordinator*

The Kids Bluegill Tournament was another great event for the kids, we ended up having 31 kids that came and 1 kid that did not show up. It was a cool one out there this year and the kids were patient and calm when it came to the fishing held at the Apple Canyon Lake Mariana on Saturday July 8. As the kids started to flow into the check in, you could tell they were excited to catch some Bluegills on a cool calm Saturday. We did 1st place - 3rd place for the Total Weight Caught and 1st place- 3rd place Largest Bluegill Caught. Our 1st place for the Total Weight Caught was Ryder Donovan, 2nd place was Tucker Harris, and 3rd place was Evan Flynn. Our 1st place for Largest Bluegill Caught was Bentley Donovan, 2nd place was Hailey Link, and 3rd place was Ryder Donovan. Congratulations to the ones who got the trophies but thank you to the other kids that came out to the fishing tournament as well. The kids couldn't have done it without having their parents/grandparents as well, thank you to everyone. The Bass Club did a wonderful job with helping Caden and I out with this event! It seemed as if everyone was having a great time fishing and spending time with their families. I was so happy to see it was another great event for Apple Canyon Lake and I got to be a part of it. I look forward to seeing more kids next year when we will host another fishing tournament!

RECREATION RE-CAP: KIDS CANYON CAMP

2023 Apple Canyon Lake Youth Camp in review

BY HILLARY HOLT, *Jo Daviess Conservation Foundation*

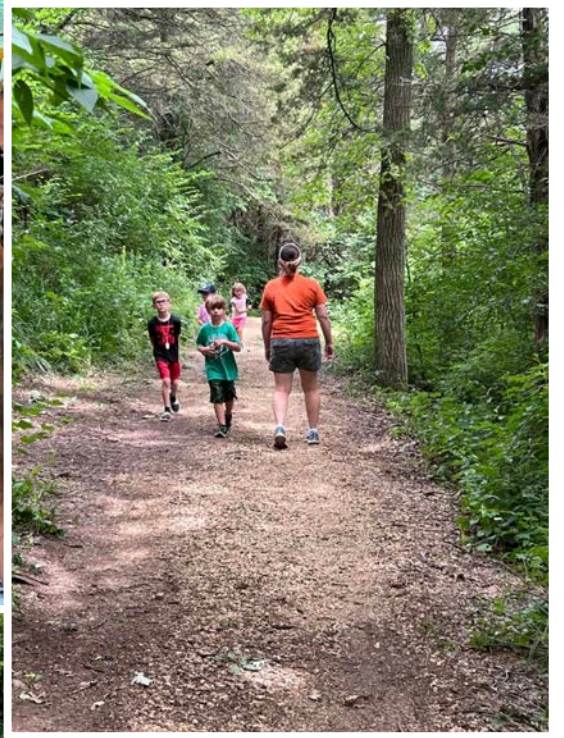

The 2023 Apple Canyon Lake kids' camp brought almost 40 young people ages 5-10 together to learn about insects. Jo Daviess Conservation Foundation joined ACL staff and volunteers to deliver three days of bug-filled fun. Each day started with a sing-along dance that had the kids dancing as beetles, grasshoppers, and bumblebees. Once they had loosened up and got out a little of their buggy energy, the kids engaged in a wide variety of games and activities to learn about the weird and wonderful world of insects.

A major highlight of the camp was amateur entomologist, Ethan Brown, a recent high school graduate. He amazed the kids with his insect collections. Almost all of the insects were collected in his own back yard in Savannah, and he showed the kids how he sets up a sheet with a blacklight to capture them. The next day the kids got to go out to try their own hand at using sweep-nets to collect bugs out of the natural area below the Children's Garden, with Ethan looking on to help them identify what they found. Everyone was sent home with a how-to guide on collecting insects in their own back yards.

The final day the focus was on Monarch Butterflies and the amazing migration they make from Mexico and back each year. The kids played a game where they were butterflies that tried to survive migration. ACL volunteer, Amy Guzman, brought in the butterflies that she had collected as eggs off of their host plants at the beginning of summer, and showed the kids the different stages of the butterfly life cycle. The camp culminated in a hike along the lake, where the kids looked for butterflies and identified the different plants that butterflies like. Be sure to ask you kids what you and they can do to help native butterfly populations!

RECREATION RE-CAP: KIDS CANYON CAMP

RECREATION RE-CAP: FARM FUN DAY

Farm Bureau's Farm Fun Day was a huge success

ANNETTE E- JO DAVIESS FARM BUREAU

The Jo Daviess County Farm Bureau recently held our annual "Farm Fun Day" at the Apple Canyon Lake Property Owners Club. It was a beautiful day for fun kids activities! The sun was shining, the birds were singing, and the animals were all excited to see the children who had come to visit.

Children and parents participating got the chance to make their own butter and ice cream from scratch as they learned that the important source of these two foods doesn't just come from the store – it comes from the all-important dairy cow. Children also had the chance to milk an actual dairy cow, provided by Ron Lawfer, Jo Daviess County Farm Bureau Board Member.

The Jo Daviess County Farm Bureau Young Leaders committee also had 'Animals on the Moo-ve' Mobile Petting Zoo on hand. The petting zoo had a variety of farm animals available for the crowd to see up close. Make-it-and-take-it activities such as 'Circle of Earth' bracelets, "Feed Sacks", and "clucking chickens" were highlighted as part of the event.

We hope that everyone had a wonderful time as they learned a little bit about farm life and made some new friends. Dates for next year's event will be scheduled soon.

RECREATION RE-CAP: INDEPENDENCE DAY ACTIVITIES

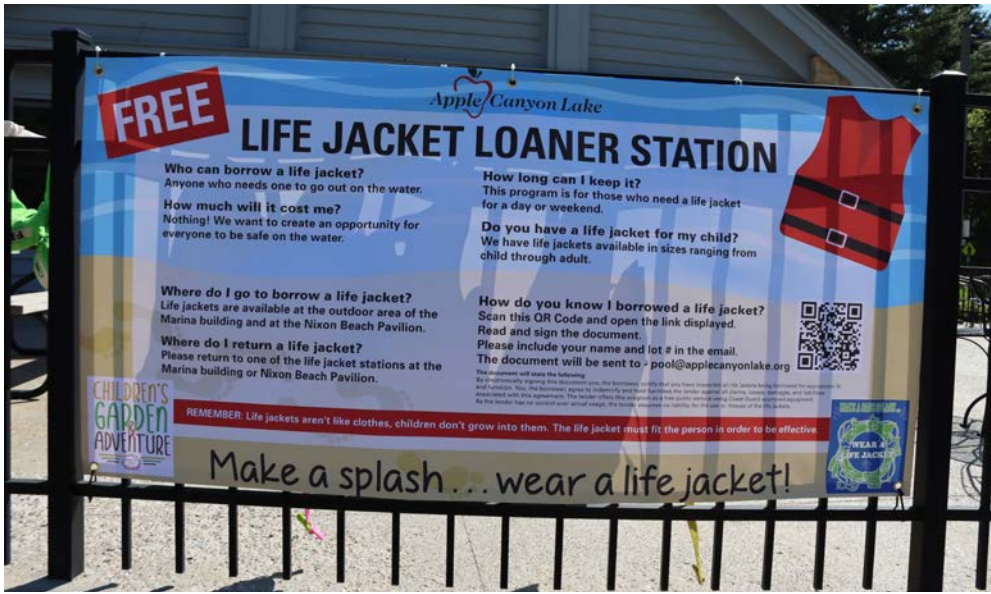

Independence Celebration at ACL

BY ASHLEY RANDECKER, *Event & Activities Coordinator*

WOW! July 1st was a busy eventful day at Apple Canyon Lake. The beautiful day started out with our Rumble and Roll Ball Race and our golf cart parade. The Rumble and Roll Ball Race numbers were down prior to the race, but once that morning started, we ended up getting a lot more ticket sales! After the ball race, we had the golf cart parade and the recreation department decided to judge the golf carts this year and rewarded the winners with some ACL swag. After the golf cart parade, the lifeguards at Nixon Beach hosted Key log rolling to anyone who wanted to try it, which was a good turnout. Then of course we had food trucks rolling in around noon, Rapped with Smoke BBQ, Udderly Delicious- Ice cream on the Mooove, and the Traveling Chef. We had a bar at Nixon Beach along with the food trucks. The band Rollin' Whiskey started to set up shortly after the food trucks came. It was a huge turnout this year at the beach, we had many people waiting for the fireworks and getting food from the food trucks and the ice cream truck had a line from start to finish, we even had Traveling Chef run out of food before the fireworks started. Rollin' Whiskey did an amazing job like they always do, and the crowd was enjoying the music, ice cream, and the food while they waited for the fireworks to start! Once the fireworks started, everyone was relaxing, drinking, and eating while the show was going on.

Thank you to the food trucks coming out and Rollin' Whiskey to come out to the beach, also a huge thank you goes out to the recreation department with the help of this event! Tim Brokl, Caden Albrecht, and Kirsten Heim thank you for assisting with the event as well and making sure everything was going like it was supposed to! A big thank you goes out to Julie Janssen and her security team for assisting with every little thing that day to make sure it went as smooth as it did.

LIFE JACKET PROGRAM

Life Jacket Loaner Program Promotes Safety at The Lake

CHILDREN'S ADVENTURE COMMITTEE AND JULIE JANSSEN, *Safety & Security Manager*

The Children's Garden and Adventure Committee is teaming with the Safety & Security Department at Apple Canyon Lake this summer to promote safety information and to provide free life jackets to anyone.

Do you know how old you have to be to NOT wear a life jacket?

Illinois State law requires that anyone under the age of 13 must wear a life jacket while aboard any watercraft under 26 feet in length at all times the boat is underway, unless they are below deck in an enclosed cabin or operating on private property.

There will be two locations established soon displayed with the two logos above. One station will be at Nixon Beach Pavilion and the other will be at the outdoor area of the Marina building. Currently, we have plenty of life jackets to support both stations. More details to follow as the banners and life jackets are put in place.

Together with ACL, the Adventure Committee will utilize a variety of media and host public, in-person mini-lessons on water/lake/boat safety with Julie Janssen, our Safety & Security Manager. Julie is also an expert at inspecting life jackets, fitting life jackets, and with this new initiative, the Children's Adventure Committee will loan life jackets as well as provide important safety tips.

So, make a splash... wear a life jacket.

Elizabeth Ambulance Seeks Volunteers

Elizabeth Community Ambulance Service is in need of additional volunteers to help provide ambulance service to the Elizabeth and Hanover areas.

Our volunteers have an important role in helping family, friends, neighbors and the community when emergencies occur. As a Volunteer you will give back to the community, make a difference and develop new skills! For additional information please contact Dan at 815-238-1999 or Richard at 815-289-2940.

HELP WANTED

SCALES MOUND FIRE PROTECTION DISTRICT

- Must be 18 years of age with a high school diploma
- Must have a clear criminal record & a valid drivers' license
- Must live no more than one mile outside of the jurisdiction
- Must be willing to learn and train
- Must be willing to do some strenuous physical duties at times of need

Scales Mound Fire Protection District serves the Village of Scales Mound, Apple Canyon Lake, The Galena Territory and the rural areas in between. With having three Fire Stations in the District, this allows us to choose which best fits you based on your place of residency. There is a high demand for this line of work so please do not hesitate! If you have always wanted to help others and try to better your community then now is the time.

Help Us Help You!
 Call 815-281-1055 and we will help get you started.

NOTES FROM NATURAL RESOURCES

Hello lake goers,

Just wanted to give a quick update since it has been a while. With last week being a holiday week, we decided not to try and fight the boat traffic with the weed harvester, as it would have lost the fight. We did have a small engine trouble with the harvester this week, so we decided to keep the harvesting to a minimum to prevent anything bigger happening. The harvester was looked over, repaired, and is back up and running. The engine is still under warranty so no need to worry. We were able to harvest at Nixon Beach, Independence, and Hawthorne. Next week we will touch up Independence and Hawthorne quickly before moving around to the western and northern bays.

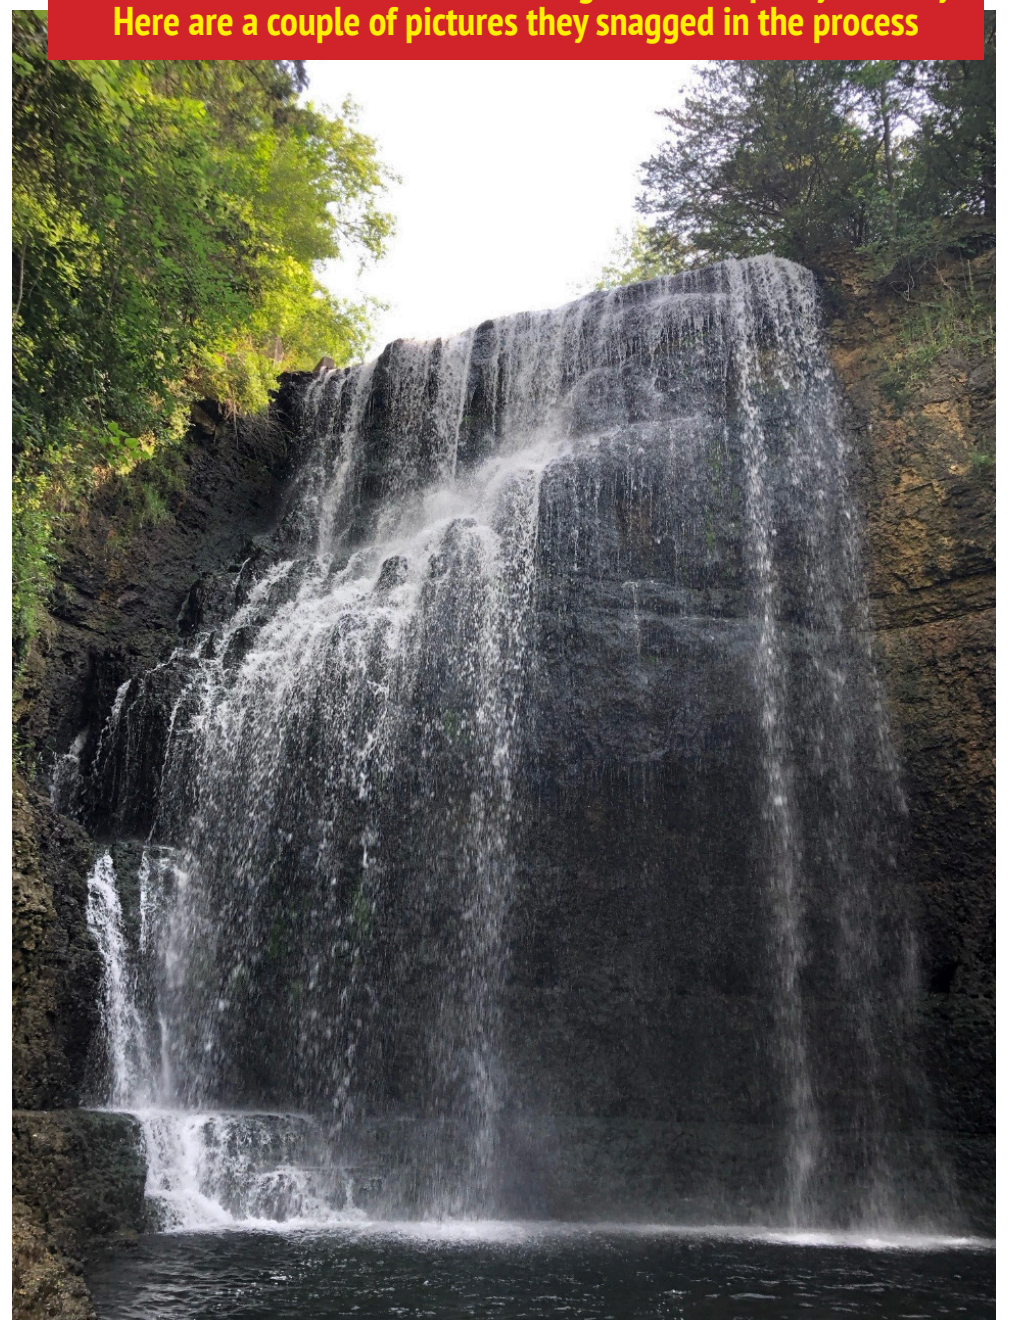

The zebra mussel shoreline treatment was done on Wednesday and completed that evening. The Canadian film crew Inspired Planet Productions was out on the lake filming their documentary called All Too Clear. The film crew is mainly documenting what is happening in the Great Lakes with zebra mussels but caught wind of our shoreline zebra mussel treatment and decided to film some scenes. Feel free to look them up and check out their trailer for the documentary. They seemed excited about our lake and had mentioned that the fish were rather curious about their underwater drone. The next two shoreline treatments are scheduled for July 26th and August 9th.

Also, one other note is that there are buoys out around the lake that are live zebra mussel cages so that we can test the effectiveness of the treatment. We ask you not to disturb them so that we can have an accurate view of the treatment results.

Thank you, Natural Resource

Natural Resources was out collecting water samples yesterday. Here are a couple of pictures they snagged in the process

CONSERVATION CONVERSATIONS

Zebra Mussel Shoreline Control Treatment Update

Friday July 7 Alan Cottrell, Norm Vandigo, and Allen Zobjeck placed eleven Treatment Cages containing live zebra mussels around the lake. These cages were placed at different depth levels into non-wake locations. McCloud Aquatics came in on Tuesday July 11 and installed another ten cages on the main lake body. All treatment cages were monitored to validate the treatment effectiveness the day after treatment. Dr. Hammond joined McCloud in inspecting the entire lake to ensure all areas were prepared for treatment. There were some areas that were not prepared properly by ACL and were bypassed from treatment.

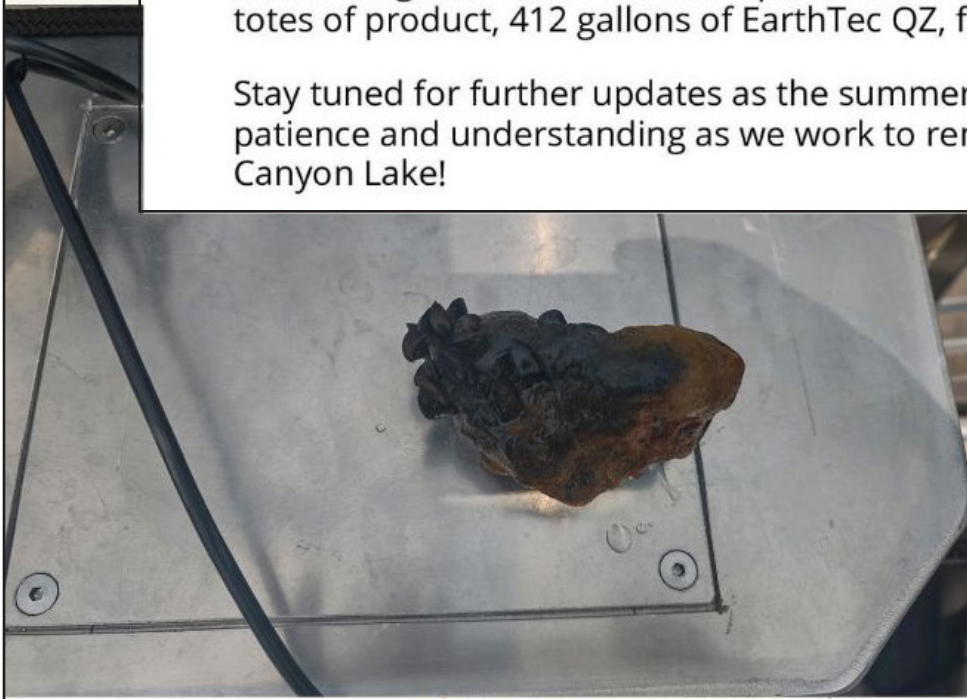

On Wednesday July 12, five totes of product, 275 gallons each, were delivered for the entire project. 550 gallons total of EarthTec QZ was used at ACL on the first shoreline control treatment. The control treatment started on the afternoon of July 12. The entire process took two separate boats 8 hours to treat the entire shoreline. The process by McCloud utilized a combination of surface application, injection, and drop hoses, with extra attention given to docks, boat lifts, and swimming areas. Another member of the team consulting with McCloud Aquatics was John Cortell from Earth Lab Sciences. All consults like Dr. Hammond and John Cortell were done free of charge.

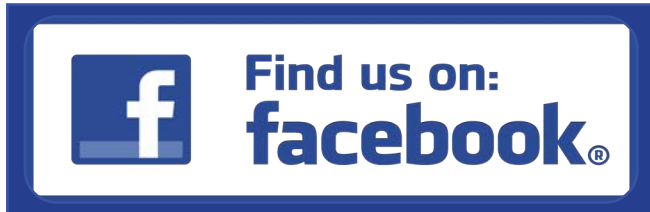

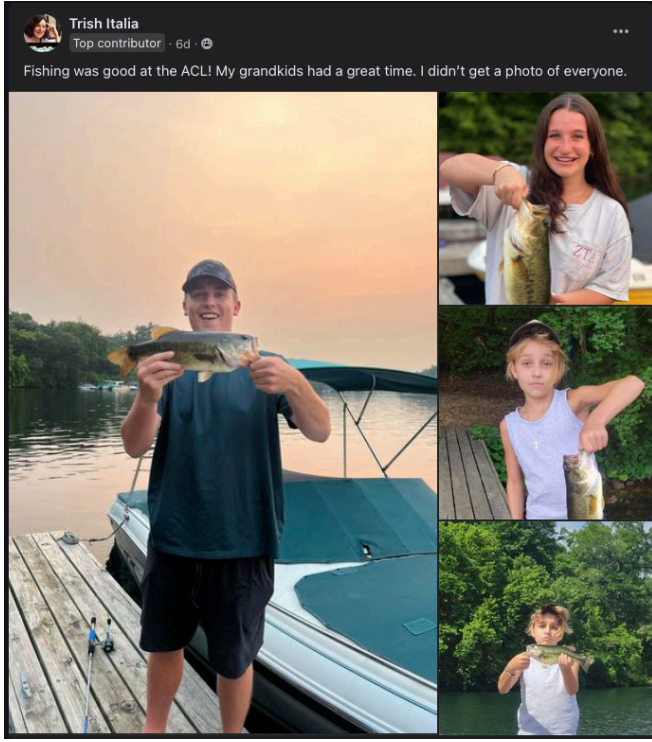

Zach Melnick and Yvonne Drebert of Inspired Planet documented the shoreline application process via video drones both in the air and underwater. ACL will be part of Inspired Planet's upcoming documentary "All to Clear." Information on the broadcast will be sent out when we know more details. Inspired Planet was able to retrieve many hours of underwater film footage documenting the state of the lake before, during, and after the treatment process. They are only here at ACL for the first treatment but are confident the footage will show a difference. Inspired Planet provided the videography free of charge to ACL, and they have made an incredible impact on this project. Thank You!

Friday July 14, some ACL volunteers investigated a couple treatment cages to validate the treatment process along with video recording from Inspired Planet. We did see mortality across the lake, which is good news for boat owners and swimmers along the shoreline. The dead mussels will decay in time but are still sharp, so please wear swim socks to avoid injury. Dr. Hammond and McCloud Aquatics will be reviewing these results in order to make further changes to the application processes coming up. Dr. Hammond has said that it will take approximately 10 days for this first application to be fully effective and kill zebra mussels in the lake. We will review and restock the treatment cages prior to the start of the next two applications.

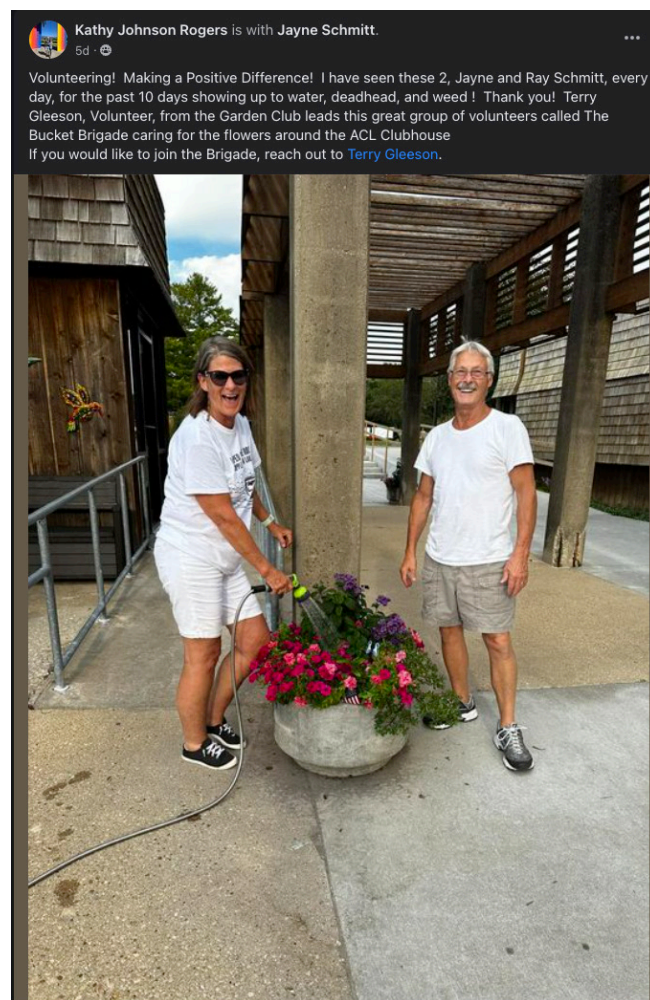

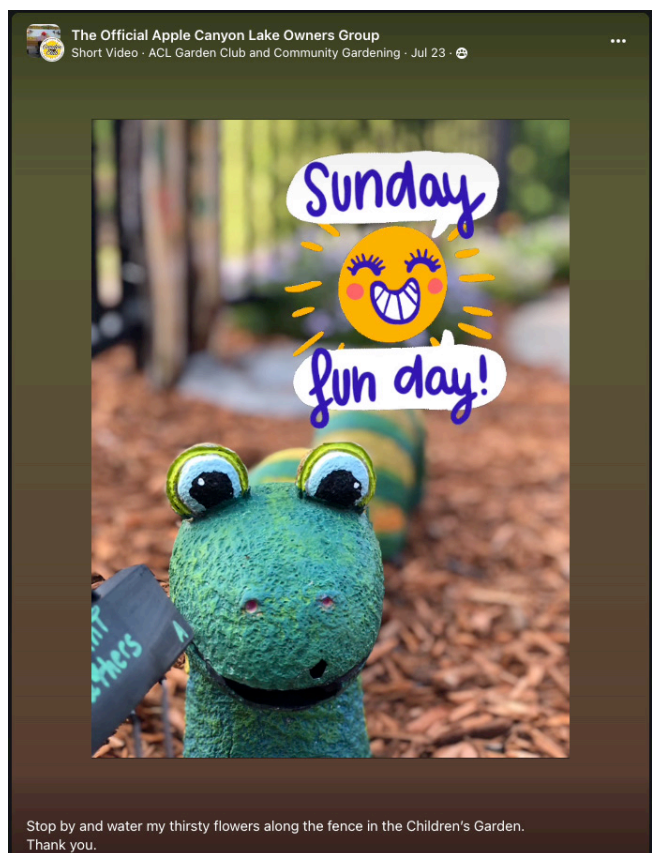

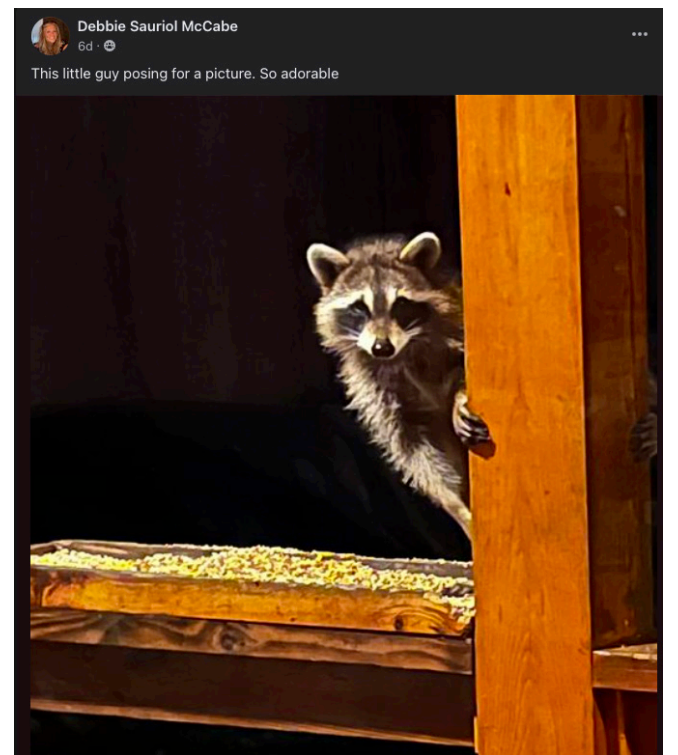

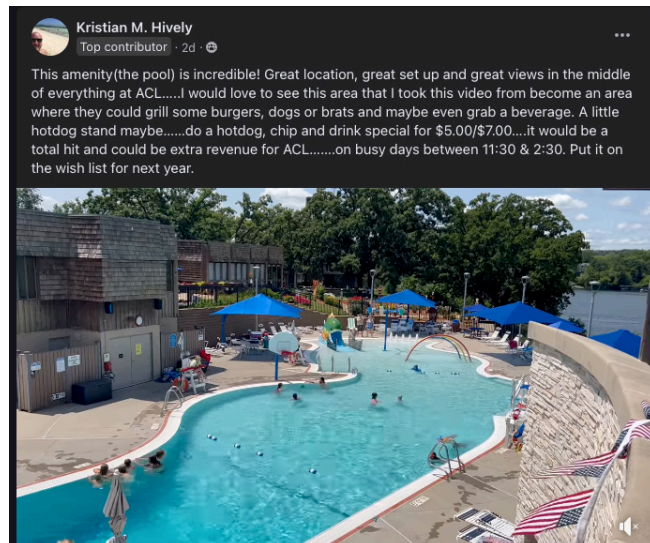

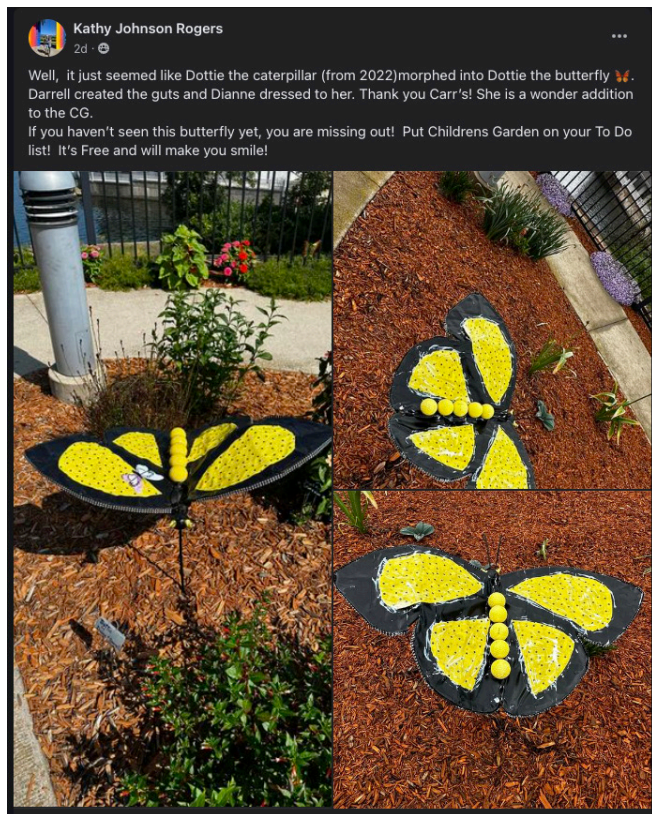

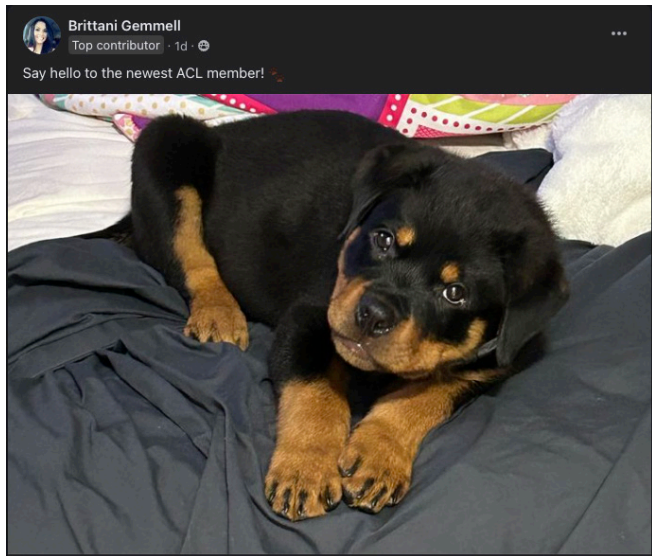

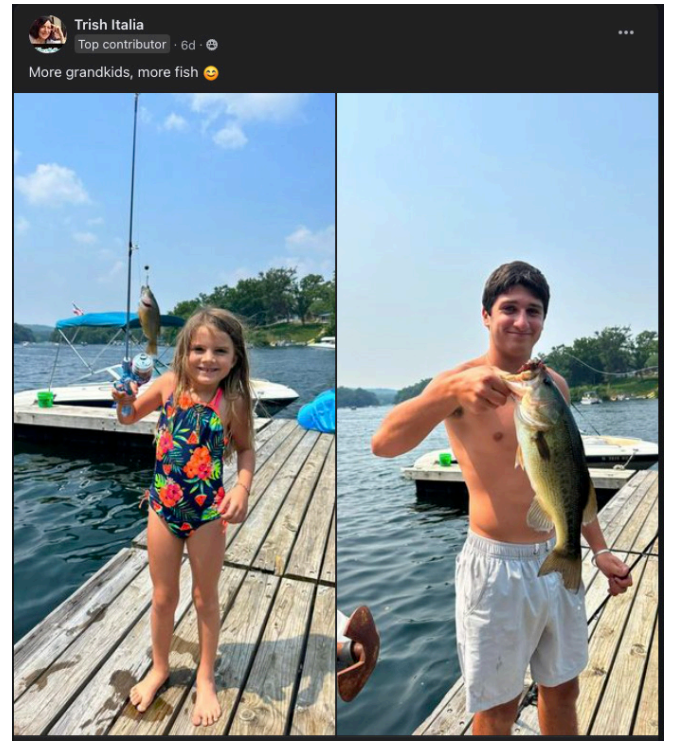

We would like to thank all property owners for staying off the lake during the application process so this process could be performed without interruption. The next two shoreline treatments are July 26 and August 9 when the same process will be followed. The next two treatments will split three totes of product, 412 gallons of EarthTec QZ, for each treatment.

Stay tuned for further updates as the summer progresses. And once again, thank you all for your patience and understanding as we work to remove the zebra mussels from our wonderful Apple Canyon Lake!

Your Zebra Mussel Update:

Phase I Results from the Shoreline Cage Monitoring after First Treatment

The following is the Treatment Cage Monitor Information from the first phase of our ACL Zebra Mussel Shoreline Control process. Listed below are cages that were staged around the lake with live zebra mussels in them. They were opened, with results recorded (see below), then fresh live zebra mussels were placed into the cages for the next treatment phase on July 27. We would like to note that looking down into the water onto the rocks, we can see that there are large amounts of dead zebra mussels. This is all good and is telling us that the treatment is working.

During each of the treatment processes, the lake will not be closed, but we do ask that if all possible, property owners refrain from boating on those days, or at least for a few hours while the application process is taking place. Also, if you do decide to go on the lake, please specifically avoid the area where the work boat is and do not interrupt or stop the workers to talk. Volunteers will be on the lake to remind boaters to stay away from the treatment area. Avoiding the areas of active application will give the product an opportunity to start working to kill Zebra Mussels. The success of this process is important to all of us at ACL.

Inspection Date	Location	Location Main Lake Body or Top Wake Area	Treatment Date	Cage Inspection Date	Percent of Mortality

RECREATION RE-CAP: SUMMER SWIMMING LESSONS

RECREATION RE-CAP: SUMMER SWIMMING LESSONS

BY ASHLEY RANDECKER, *Event & Activity Coordinator*

The Apple Canyon Lake swim lessons were a huge success this year! We hosted four different classes: toddlers, beginners, advanced beginners, and advanced swimmers. In each class there were many kids that couldn't wait to jump in the pool, but then we had some kids that were scared to get in the pool. Luckily enough we had great lifeguards to help these kids get over the fear of water by end of the session. During class, the lifeguards threw rings for the kids to find underwater. They also used paddle boards to help them float on their bellies. They even got to float on their back with the help of the lifeguards. In toddler, beginners, and advanced beginners they got to swim through hula hoops as well. The advanced swimmers class spent most of their time in the deep end learning how to save people, jumping off the side, and swimming from one side to the other side. These lifeguards rocked the swimming lessons for each class, and you could tell by the end of the week the kids were enjoying it more than when they started and couldn't wait to see what the next day was going to be like. A huge thank you to Julie Janssen and her lifeguards for doing the swimming lessons again this year and teaching the kids water isn't always scary!

VOICES Studios Voices Studios announces the opening of **two new exhibits**

Imagination Original works by artist **Amy Carani**
Mural Microcosms An exhibition of photos by artist **Becky Sisco**

Opening Reception **Friday, August 4th, 2023, 5:30 -- 8:30p.m.**,
 Exhibit will continue through **September 30, 2023**

Not everything we see is what we first perceive it to be. We see through our experiences, ideals, memories, and glimpses from the past. Voices Studios is pleased to present two solo exhibitions that entice the viewer to draw on their perceptions to interpret and enjoy the colorful abstractions of Amy Carani, as well as the photographic works in the Joan Mulgrew Gallery by Becky Sisco. Join us at the First Fridays reception and meet the artists.

Amy Carani began painting precise, geometric, and colorful abstract artwork on square canvases with pop culture influenced themes about twenty-five years ago. From the beginning, Amy knew she wanted to produce clean and precise paintings with a bold visual impact. She developed a painting system that consists of rulers and compass bows to assist in my desired precision. The final step in her painting process is painting the black outline edges freehand with a small brush. Most suspect the use of tape or masks to create the black outlines due to the precise nature of her paintings, however, this is not the case.

We may change the interest rate and APY at any time after the account is opened. No minimum balance is required. Available to personal accounts only and limited to one account per customer.

COMMUNICATION CONNECTION

BY TIM BROKL, *Communication & Marketing Manager*

As we enter our final month of summer, I would like to thank all the staff and volunteers that have come together to give us yet another summer filled with fun and memories at Apple Canyon Lake. I hope our members enjoyed all the events and activities our team planned. While summer may be winding down, we still have several events in store for the remainder of 2023, starting with the Fall Craft Fair in September. The Farm to Table Dinner is on for September 26. Tickets for the Farm to Table Dinner went on sale at the Association Office and online August 1. The Farm to Table Dinner is a popular event and tickets sell out fast, so don't wait

to snag yours if this is something you'd like to attend. In October, we will not be hosting the Haunted Clubhouse again due to the amount of time and volunteers required to run the event. Instead, the Recreation Commission will host a Halloween party in the clubhouse complete with games, candy, an ice cream bar, and costume contest! Watch for details in next month's Apple Core.

In other news, we still are planning to implement online boat and campsite rentals. With the season almost over, we may still see boat rentals live in 2023, however we are pushing campsite rentals to April of 2024 to ensure the system rolls out smoothly.

Lastly, photographers keep an eye on Facebook for the 2024 Calendar Contest to launch. We will begin taking submissions mid-August through mid-September. I can't wait to see all the amazing photos we receive this year.

Get ready for the 2023 Deck the Walls Photo Contest - You could have your photo chosen for the Official 2023 ACL Event Calendar!
